

Thanks for your interest in personalising a bottle of our Methanol Moonshine!

For all of our range with others who have done the same please visit www.methanolmoonshine.com.au

This is how our personalised range works...

WE NEED A PHOTO!

You select/send a photo to use – you need to own that photo or ideally have the photographer's permission.

It needs to be around 0.5mb *minimum* – the better quality the photo the better the label, we can't stress that bit enough!

WE NEED YOUR TEXT

We can accommodate up to 120 words on the back of the label.

We help you create your story also on the back of the label on the back of the bottle. You can thank sponsors, credit family and friends or tell your story – the choice is yours.

HOW DOES IT WORK?

The photo is placed INSIDE the label on the back (facing inside the bottle) which is why it isn't a simple process and we have to create it from scratch.

It's not just a switch from the original artwork we have.

HOW DOES IT GET SET UP?

We have a one-off graphic art and design and print set up fee of \$250 so that you end up with your own labels.

IS THERE A MINIMUM ORDER QUANTITY?

No. You can order one at a time, or two at a time, twenty at a time – the choice is yours.

SO HOW MUCH WILL IT COST?

IF you were to get (say) one bottle like this it would be:

One-off Artwork design and label production \$250
1 x bottle of MM \$75
Postage (if applicable) \$10
Total \$335.

Each bottle is \$75.

We have people doing this with one bottle, with two and with six and beyond.

The more bottles you get the more it amortises the initial artwork cost.

Some people like the public to buy their bottles, some prefer to keep it for friends, sponsors or family – you can choose either way.

THE MISSING LINK

We will give you your own personalised link that allows you or friends to order your bottle direct through our website. You can keep it to yourself or send it as an email or even on your social media. It's up to you.

HOW LONG DOES IT TAKE TO TURN AROUND?

It usually takes around 10 days turn around.

Now...you ready?

Let's do this!
